CAPACITY TERMS · NOVEMBER 2026

Natural-gas mining capacity — North Dakota

On-site natural-gas generators owned and maintained by GoGo Tech. Dedicated power capacity, site infrastructure and turn-key operations.

GoGo Tech · November 2026

ND	10 yr	3 mo	$0.01
North Dakota gas sites; on-site generation	$0.035/kWh, fixed under the GoGo Tech PPA	From contract to hashing	Per kWh management fee, billed on metered energy

Operational North Dakota natural-gas site, air-cooled MDUs

What's offered

A purchase covers **dedicated power capacity** reserved only for your MDU, plus all **site infrastructure**, bringing power to the site, and site improvements. The full price is due at purchase.

- **Fixed power for 10 years.** On gas, you sign a Power Purchase Agreement (PPA) issued by GoGo Tech. The power rate is $0.035/kWh, fixed for 10 years.
- **Air-cooled or hydro-cooled.** Buy a 1 MW air-cooled MDU or a 2 MW hydro-cooled MDU, a panel, or bring your own 2 MW hydro container.
- **Turn-key on site.** We run racking, repairs, maintenance and parts; you see it all in GoGo Tech Ops.

From reserve to deploy

01
Reserve

Choose cooling type, unit size, and whether you buy from GoGo Tech or bring your own hydro container.

02
Sign the PLA and PPA

Buyers sign the Purchase and Lease Agreement (PLA) and the PPA. Bring-your-own customers sign a lease and the PPA.

03
Deploy

Three months from contract to hashing.

Unit prices

UNIT	PRICE	NOTES
AIR-COOLED		
1 MW MDU	**$500,000**	Air-cooled MDU is always 1 MW
300 kW panel	**$175,000**	Available on gas only
HYDRO-COOLED		
2 MW MDU	**$1,000,000**	Hydro-cooled MDU is always 2 MW
1 MW panel	**$550,000**	
500 kW panel	**$300,000**	
Bring-your-own 2 MW MDU	**$800,000**	2 MW hydro container only; you provide the MDU

The purchase covers dedicated power capacity reserved only for that MDU, plus site infrastructure, bringing power to the site, and site improvements. The full price is due at purchase. Air-cooled units are offered at North Dakota gas sites only.

Summary of key terms

ITEM	TERM
Location	North Dakota. On-site natural-gas generators owned and maintained by GoGo Tech.
What's included	Dedicated power capacity reserved only for the customer's MDU, plus all site infrastructure, bringing power to the site, and site improvements. The full price is due at purchase.
Contracts	Buyers sign the Purchase and Lease Agreement (PLA). Bring-your-own customers sign a lease. On gas, they also sign a Power Purchase Agreement (PPA) issued by GoGo Tech.
Power rate	$0.035/kWh, fixed for 10 years under the GoGo Tech PPA.
Monthly lease charge	Metered energy at the PPA rate plus **$0.01/kWh** management.
Energy deposit	One month of estimated energy plus management, due before the unit is energized.
Lead time	3 months from contract to hashing.
Operations	Turn-key: racking, repairs, maintenance and parts, visible in GoGo Tech Ops.

Power & fee structure

Fixed power for 10 years

- Power Purchase Agreement (PPA) issued by GoGo Tech.
- The power rate is $0.035/kWh, fixed for 10 years — the headline benefit of gas deployments.
- Invoices built directly from smart-meter reads.

$0.01 / kWh management

- Billed on metered energy, in addition to the PPA rate
- GoGo Tech Ops software usage
- Fleet management
- Turn-key on-site operations

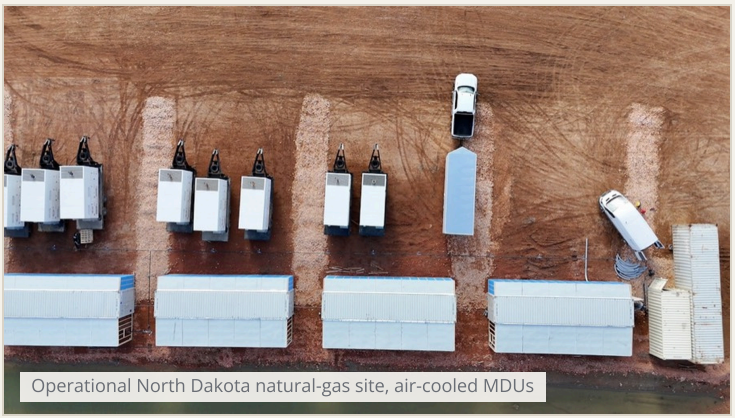

Turn-key operations & GoGo Tech Ops

On site — we run it

- Racking and de-racking
- Repairs on site, tracked end to end
- Preventive maintenance and parts
- Spare parts and shipments managed

GoGo Tech Ops — remote control

- Smart meters on every panel: live load, power graphs, daily kWh
- Invoices from meter reads; pay by card, ACH, wire or crypto
- Fleet view with pool-verified uptime and auto-discovery of new miners
- Repairs and shipments tracked end to end; support chat; phone app

Operational North Dakota natural-gas site, air-cooled MDUs

Fixed power for 10 years

The headline benefit of gas deployments: the power rate is $0.035/kWh, fixed for 10 years under a Power Purchase Agreement (PPA) issued by GoGo Tech.

The monthly lease charge is metered energy at the PPA rate plus **$0.01/kWh** management.

An energy deposit equal to one month of estimated energy plus management is due before the unit is energized.

Next steps

01

Reserve

Choose cooling type, unit size, and whether you buy from GoGo Tech or bring your own hydro container.

02

Sign the PLA and PPA

Buyers sign the Purchase and Lease Agreement (PLA) and the PPA. Bring-your-own customers sign a lease and the PPA.

03

Deploy

Three months from contract to hashing.
